

ECPB 2015 SCIENTIFIC PROGRAM

Tuesday, June, 23rd

18.00 – 19.30 **Welcome Cocktail** - *Domaine St Joseph*

Wednesday, June, 24th

08.20 – 09.00 **Introduction ceremony**

BRAYE Fabienne, Chair of the ECPB 2015 Organizing Committee - 10'

GILLY François-Noël, President of the Claude Bernard University - 10'

DEBAT Christophe, Director of the Romans Ferrari Center - 10'

The ECPB President - 10'

09.00- 10.00 **Session 1** : Jacek **PUCHALA**

SCHIESTL Clemens and **BIEDERMANN** Thomas – 10'

In memoriam

CHRAPUSTA Anna and **DRUKALA** Justyna - 20'

Talks dedicated to Jacek Puchala by two young polish researchers from the research team of Ernst REICHMANN from Zurich :

ZIMOCH Jakub, "Bio-engineering hair follicles and sweat glands in dermo-epidermal skin grafts - 10'

KLAR Agnes, "Vascularization of bioengineered dermo-epidermal skin substitutes" – 10'

In memoriam Zora **JANZEKOVIC** – 10'

10.00 – 10.30 **Coffee Break**

10.30 – 12.00 **Free papers**

Moderators: BOEHRENSEN Sintje

10.30 - 10.39 **D'ASTA** Federica : "Children requiring resuscitation fluids: is the urinary catheter really needed ?"

10.39 - 10.48 **PAYRE** Jacqueline : "Medical hypnosis With burns children during dressing and physiotherapy"

10.48 - 10.57 **BOEHRENSEN** Sintje : "Think different – The Zurich Approach An update on how we treat small area and moderately severe burns in children."

10.57 - 11.06 **AL-HIMDANI** Sarah : "Steam inhalation therapy in children – the "heated debate"?"

11.06 - 11.15 **TSANG** Cynthia : "Donor site selection for split skin grafting in paediatric chest burns: benefits and drawbacks of harvesting from the trunk"

11.15 - 11.24 **SCHRIEK** Katharina : "The future of objective scar evaluation - First results and practical experience with the DermaLab Combo device in burn scars"

11.24 - 11.33 **MAZARRAZA ALONSO** Raquel : "Surgical treatment of sequelae in postburn pediatric patients"

11.33 - 11.42 **CHÂTEAU** Joseph : "Is there any place for spontaneous healing in palmar burns of the child ?"

European Club
for Pediatric Burns

Workshop 2015

June 24 - 26
Lyon, France

11.42 - 11.51

MAHRER Liv : *"Bridge the gap"*

11.51 - 12.00

MAIONE Luca: *"Burn scar Treatment" : a combined approach"*

12.00 -13.30

Lunch

13.30 – 14.00

Transfer to Romans Ferrari

14.00 – 18.15

REHABILITATION OF FACE AND HANDS

Workshops in Romans Ferrari Rehabilitation Center

18.15 - 19.45

Cocktail and visit at Romans Ferrari

Thursday, June, 25th

08.30 – 10.30

Round table : Surgery

Moderators: MEULI Martin and DONELAN Matthias

SCHIESTL Clemens: *“Never stop learning – even with 15 years of experience with a dermal regenerative template there is still a learning curve” – 20’*

GAZARIAN Aram: *“Feasibility of composite tissue allografts in children” - 20’*

DANTZER Eric: *“Artificial dermis graft on paediatric: is there an incidence on child growth? Histological arguments” – 20’*

DELLI SANTI Giancarlo: *“Dermal substitutes in burns : our experience ?” – 20’*

GIRETZLEHNER Michael: *“Proportionally correct 3D models of infants, children and adolescents for precise burn size measurement” - 20’*

10.30 – 11.00

Coffee Break

11.00 - 12.30

Free papers

Moderators: CHANG Philip and GINDNER Lena

11.00 - 11.09

MASELLIS Alessandro : *“Prius Project: Italian burn prevention campaign”*

11.09 - 11.18

COLLIA MARTIN Francisco de Paula : *“Epidemiology of pediatric burns in Cruces Hospital: a ten-year study”*

11.18 - 11.27

GINDNER Lena : *“Infections with multiresistant germs in severe burned children- experiences in the Pediatric Burn Centre in Cologne”*

11.27 - 11.36

PARVIZI Daryousch : *“BurnCase 3D software validation study: Burn size measurement accuracy, test-retest reliability and inter-rater reliability”*

11.36 - 11.45

DUTEILLE Franck : *“The aquacel Burn glove: a therapeutic solution for pediatric patients”*

11.45 - 11.54

AUXENFANS Céline : *“Cultured epidermis for children suffering from extensive burns: a retrospective study over 16 years”*

11.54 - 12.03

CHANG Philip : *“Crowdfunding: An Analysis of Online Fundraising by Burn Patients”*

12.03 - 12.12

GIRETZLEHNER Michael : *“A multicenter trial tool for burns”*

12.12 - 12.21

HALLER Herbert : *“One Burn One Standard- Burns Registration and Documentation- which model should we use ?”*

12.21 - 12.30

LATARJET Jacques : *“Burn epidemiology: feasibility of a national data collection system for 100% patients needing hospitalization “*

12.30 – 14.00

Lunch

14.00 - 16.00

Round table : General sequelae of burns

Moderators: BRAYE Fabienne and WILSON Yvonne

STODDARD Frederick: *“Management of pain and PTSD in burned Children” – 20’*

LAURENT Bernard: *“Memory of pain in adult-hood: reappearance of painful events in childhood” – 20’*

LATARJET Jacques: *“Mechanisms of hyperalgesia in burns” - 20’*

YOUNG Amber: *“Neuropathic pain and itch in children with burns: current research” – 20’*

HADDAD C. : *“Difficulties in the assessment of recoverable injury suffered by child burn victim” – 20’*

16.00 - 16.30

Coffee Break

European Club
for Pediatric Burns

Workshop 2015

June 24 - 26
Lyon, France

16.30 – 17.15

Case Reports

Moderators: KROHN Carsten and KAVOLA Heli

16.30 - 16.39

GHAMINE Georges : *“Case presentation of a thermal burn in a newborn, the earliest in the world”*

16.39 - 16.48

GAID Nicole Ann : *“Treatment of Severe Tissue Loss Resulting from Congenital Candidiasis in an Extremely Preterm Infant: A Unique Case Report”*

16.48 - 16.57

KAVOLA Heli : *“Severe skin and soft tissue necrosis related to meningococcal sepsis in children”*

16.57 - 17.06

KROHN Carsten : *“A step beside burn surgery: suprathel as wound dressing in a neonate with aplasia cutis – a case report”*

17.06 - 17.15

GHUMMAN Ammara : *“The use of Aquacel Ag in paediatric frostbite”*

Evening

Gala Diner at Paul Bocuse

Friday 26th of June

08.00- 10.00

Round table : Wound Healing

Moderators: LEFTER Mihaela and CHANG Philip

GRIMAUD Jean-Alexis: *"Photobiomodulation + Bioinduction: an "in vitro" screening assay in experimental wound healing" – 20'*

HERBAGE Benjamin : *"Collagen tailoring, secrets behind skin regeneration" – 20'*

GAID Nicole Ann: *"Computer generated mathematical models for pre-operative design" (to be confirmed)*

ROUSSELLE Patricia: *"Boost up the keratinocyte venture to close the wound" – 20'*

MAGALON Guy: *"Debriding burns in pediatric population : experience with a novel enzymatic debriding agent" – 20'*

10.00 - 10.30

Coffee Break

10.30 – 12.00

Free papers

Moderators: LE TOUZE Anne and BOTTCHER Sophie

11.00 - 11.09

ENESCU Dan Mircea : *"Early excision – grafting in children with burns over 30% tbsa"*

11.09 - 11.18

DELLI SANTI Giancarlo : *"Pediatric lipofilling and prp: tip and tricks"*

11.18 - 11.27

CITTERIO Antonella : *"Principles of scar management after burns"*

11.27 - 11.36

GAID Nicole Ann : *"Tissue Flap Preconditioning with Adipose Derived Stem Cells and Hyperbaric Oxygen Treatment: A Guinea Pig Model"*

11.36 - 11.45

LEFTER Mihaela : *"Integra – as immediate or delayed reconstruction in children –Tasmanian experience"*

11.45 - 11.54

LE TOUZE Anne : *"Assesment of fonctionnal sequellae after hand burn in young children"*

11.54 - 12.03

EBERLIN Kyle : *"A new treatment paradigm for management of post-burn first webspace contractures"*

12.03 - 12.12

SUSS Joachim : *"The use of Suprathel - how to get the profit and benefit for the patient"*

12.12 – 12.30

Conclusion

BRAYE Fabienne

12.30 – 14.00

Lunch Break

14.00 - 15.30

AG ECPB
